EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Varitz on June 24, 2004.

2. The application has been amended as follows:

.....

TITLE

The title was changed to "Method for Detecting, Sizing and Locating Old Myocardial Infarct."

CLAIMS

Claim 1

On line 11, the word —old—was inserted prior to the term "MI."

.....

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: lacking any explicit teaching for combining Xue et al. with Wagner et al. (a publication co-authored by one of the present inventors), the examiner agrees with the paragraph adjoining pages 6 and 7 of the Remarks regarding the relevance of ST segment and T-wave analysis in detecting and characterizing old MI.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. For the record, while the above title change was not discussed in the telephonic interview of June 24, 2004, title changes are considered an examiner's prerogative and may be made at discretion.
